

ANNOUNCEMENT

**Need to build your
Dashboard literacy skills?**

The CCEE can help.

[The California Collaborative for Educational Excellence](#) is excited to offer a **two-part training series** that dives deeper into Dashboard data to help local education agencies (LEAs) make decisions that are research-based, equity focused, and informed by stakeholder engagement.

The two-part training series will be livestreamed via a Zoom webinar. Below are the specific dates, topics, and registration details for each session.

Data and Evaluation Module/Part 1

THURSDAY, FEBRUARY 8

10am—12pm

REGISTRATION OPEN

Build Your CA School Dashboard Data Literacy

Dive deep into particular aspects of the Dashboard including status and change calculations for specific indicators. Participants will walk through a data analysis protocol using sample Dashboard data, and learn how other data sources can be used in conjunction with Dashboard data.

This training is primarily designed for LEA representatives who are responsible for making data-informed decisions as part of the Local Control Accountability Plan (LCAP) process.

Location: Zoom webinar

To register: [Click here](#)

The CCEE is collaborating with the Humboldt County Office of Education (HCOE), the Association of California School Administrators (ACSA), and the Small School Districts' Association (SSDA) to offer the training module.

Data and Evaluation Module/Part 2

THURSDAY, MARCH 1

10am—12pm

Small District and School Leaders:

Build Your Capacity to Make Data-Informed Decisions

This session is tailored for representatives from small LEAs that might have limited Dashboard data. Participants will examine Dashboard and dive deeply into other sources of district and school data that can be used to design a strategic action plan that will improve student outcomes. The training is also designed to benefit representatives from charter schools, as well as court and community schools.

Location: Zoom webinar

****Registration details coming soon**
