

## ANNOUNCEMENT

**To: All Stakeholders**

**Re: Timeline for Public Input and Finalizing LCFF Professional Development Training Implementation Plan**

*As directed by the CCEE Governing Board, this announcement details the timeline and next steps for public input and for finalizing the LCFF Professional Development Training Implementation Plan.*

CCEE staff presented the [draft of the LCFF Professional Development Training Implementation Plan](#) to the Governing Board at its [meeting](#) on August 4, 2016. While not taking formal action on the [Draft Plan](#), the Governing Board expressed support for its four main components and the proposed budget. The Governing Board also directed that a revised version of the [Draft Plan](#) (based on the feedback from the August 4 meeting) be made public by September 16, 2016, to allow for additional public input prior to the presentation of a final plan to the Governing Board at its October meeting.

Below are the key dates for those interested in providing input on the revised version of the Draft Plan and on the timeline for finalizing it.

- » [Friday, September 16, 2016](#). Staff will post a revised version of the Draft Plan based on the feedback from the August 4 Governing Board meeting along with a link to an input survey to provide input. Staff considered other methods for providing input (e.g., in-person input sessions, conference calls). However, given the limited time period available for input, these other alternatives did not provide the right forum to give meaningful feedback and were logistically too difficult to schedule in sufficient number.
- » [Wednesday, September 21, 2016](#). The deadline for responding to the input survey.
- » [Monday, September 26, 2016](#). The deadline to post the agenda packet for the CCEE Governing Board meeting scheduled for October 6, 2016. The agenda packet will include the proposed final version the LCFF Professional Development Training Implementation Plan.
- » [Thursday, October 6, 2016](#). The [meeting](#) at which the CCEE Governing Board will take action on a final version of the LCFF Professional Development Training Implementation Plan.
- » [Friday, October 7, 2016](#). The deadline to submit the Final LCFF Professional Development Training Implementation Plan to the relevant policy and fiscal committees of the Legislature, the Legislative Analyst's Office, and the Director of Finance.
