Continuity of Learning Playbook

The California Collaborative for Educational Excellence (CCEE) has engaged with Copernicus Coaching and Consulting, who were part of the team with Entangled Solutions that created the K-12 Distance Learning Playbook, to help us develop a practical guide for LEAs with considerations for effective teaching and learning during and beyond the COVID-19 recovery period. In partnership with the San Diego County Office of Education (SDCOE) and the Riverside County Office of Education (RCOE), we are developing a set of resources to support schools and districts make evidence-based decisions and implement best practices to support the acceleration of learning for students whether they are implementing a model that is on-site, remote, or blended.

In these unprecedented times of evolving challenges, this playbook will provide guidance to best leverage the resources in our educational community, translating individual activities into an action-oriented preparedness plan for the delivery of services to support the continuity of learning for all students. With a focus on equity and access for all, the Continuity of Learning Playbook will address the following topics and needs:

- COMMUNICATION / FAMILY ENGAGEMENT
- EFFECTIVE SCHEDULING
- STAFF ENGAGEMENT & PROFESSIONAL LEARNING
- ENGLISH LEARNERS
- SEL / TRAUMA-INFORMED SUPPORT
- SPECIAL EDUCATION
- ASSESSMENT OF NEEDS AND PROGRESS
- INTEGRATION OF PROGRAMS & RESOURCES

AVAILABLE FIRST WEEK OF JUNE!
Webinars and office hours to support LEA implementation efforts to follow.
