Video Conferencing for GSuite Users

Advanced features available through Sept. 30, 2020

- Meetings with up to 250 participants
- Live Streaming Options
- Recording Capability
But is it safe?

For education accounts, only the meeting creator, calendar event owner, or person who sets up a meeting on an in-room hardware device can mute or remove video meeting participants. This ensures student participants can’t mute or remove one another or the teacher.

What does the U.S. Department of Education say about FERPA for distance learning?

**SCENARIO #5**

Due to our transition from holding in-person classes to virtual lessons, is it permissible to record classes and share the recording of the virtual classes to students who are unable to attend?

**SCENARIO #5 – TAKE AWAYS**

- Yes - assuming the video recording does not disclose PII from student education records during a virtual classroom lesson or appropriate written consent is obtained if PII from the education record, FERPA would not prohibit the teacher from making a recording of the lesson available to students enrolled in the class.

How to join from

If you see “Ask to join”, this is because you’re attempting to join before the meeting is scheduled to begin. If you join after it starts, it will say “Join”.
