

This handout includes links to sites and resources highlighted during the webinar. Each link includes a short description.

California Collaborative for Educational Excellence [\[LINK\]](#)

- This is CCEE’s website. You can find information about who we are, what we do, and access resources.
- During the webinar, we highlighted a few specific resources:
 - Materials from the California School Dashboard/LCAP event on January 10, 2018 [\[LINK\]](#)
 - Materials from the Demonstration of Increasing and Improving Services for Unduplicated Students event on November 9, 2017 [\[LINK\]](#)

CA School Dashboard [\[LINK\]](#)

- This is the main landing page for the Dashboard. You can search for a school, district, or county office of education to view Dashboard reports, or connect to a variety of other resources.

CA School Dashboard FAQ [\[LINK\]](#)

- This is a list of frequently asked questions related to the Dashboard. You can select questions of interest organized by topic and, in many cases, find links to other sites to find out more detailed information.

California Accountability Model & School Dashboard [\[LINK\]](#)

- This is the California Department of Education’s (CDE’s) main landing page for all things related to CA’s accountability and continuous improvement system. Three main reports are highlighted at the top of the page (Dashboard, 5X5 Grids, and College/Career Indicator Reports and Data), and if you scroll down, you can see a table with five tabs (Overview, Parents, Resources, Data Files and Guide, Communications Toolkit); each tab houses detailed information and additional links/resources.
- During the webinar, we highlighted a few specific areas of the site/resources on the site:
 - Table 2: Five-by-Five Coded Table (find it by scrolling down under the “Overview” tab)
 - Web page focused on the Academic Indicator [\[LINK\]](#)
 - CDE Webinar focusing on the Academic Indicator (available for download under the “Resources” tab) [\[LINK\]](#)
 - The Technical Guide (available for download under the “Data Files and Guide” tab) [\[LINK\]](#)
 - Table on Data Sources (*page 29*)
 - Section on the Academic Indicator (Grades 3-8) (*page 72*)
 - Appendix C: “Academic Indicator and Grade Eleven Distance from Level 3: Inclusion and Exclusion Rules” (*page 148*)
 - The Quick Reference Guide (available for download under the “Data Files and Guide” tab)
 - Data Files (available for download under the “Data Files and Guide” tab)

California Assessment of Student Performance and Progress (CAASPP) [\[LINK\]](#)

- This is CAASPP’s main landing page, which houses information and reports related to the state’s testing system.
- During the webinar, we highlighted the webpage on Smarter Balanced Scale Score Ranges [\[LINK\]](#)

California Longitudinal Pupil Achievement Data System (CALPADS) UPC Source File for grades K-12 [\[LINK\]](#)

- This is a webpage on CDE's site that contains downloadable files pertaining to the Unduplicated Pupil Count (UPC) of free or reduced price meal (FRPM) eligibility, English learner (EL), and foster youth data from CALPADS.

DataQuest [\[LINK\]](#)

- This is a section of CDE's site that enables users to download a variety of reports about CA schools and districts. You can select by locality level and subject to generate reports with various cross sections of data.

Ed-Data [\[LINK\]](#)

- This is a website managed through a partnership between CDE, EdSource, and the Fiscal Crisis & Management Assistance Team (FCMAT). It incorporates CAASPP data, student demographic data, and includes comparison tools.
