

SIR Progress Monitoring Report

PURPOSE The purpose of this Systemic Instructional Review (SIR) Progress Monitoring Report is to provide the district and its stakeholders an update on the district's progress in implementing the SIR report actions. This progress monitoring report will be updated and available twice a school year (fall/spring).

BACKGROUND The CCEE and VCUSD began working together through a joint request made from the Solano County Office of Education (SCOE) and VCUSD at the end of 2018. Additionally, in October of 2018, a statute was passed by the State Legislature (AB1840) that restructured supports for districts with outstanding state loans and automatically referred the district to the CCEE for technical assistance around their instructional systems.

WHAT IS THE SIR? The SIR is a comprehensive PK-12 academic and social-emotional assessment of the district's instructional systems and progress of state requirements. [Learn more about the SIR and view your districts' full SIR Report and Executive Summary.](#)
