

## Transforming Education in CA:

# Learning Opportunities for Small Rural Districts

### SESSION 1:

#### Exploring Opportunities

**JANUARY 26TH 10AM-12PM**

Building from the December 8th overview of key strategic initiatives, this session will provide a vision for how the 3 largest state initiatives (the Expanded Learning Opportunities Program, Universal Transitional Kindergarten, & the California Community Schools Partnership Program) can transform schooling in California including an overview of the community school strategy with special attention to the assets and challenges of rural schools and districts. Time and space will be devoted for discussion on current needs, initiative timelines, connections to colleagues, and practical ideas for today. We look forward to continuing the conversation.

### SESSION 2:

#### Leveraging Existing Work

**FEBRUARY 16TH 10AM-12PM**

Building off the learnings from the previous session, this session will be a deeper dive into strategy and leveraging of existing work and partnerships to support planning and implementation.

Participants will have ample opportunity to connect with others around key elements and possibilities of transformative strategies and work with facilitators to begin to develop goals for now and on the horizon.

**Register Now!**

### SESSION 3:

#### Moving Forward

**MARCH 9TH 10AM-12PM**

Participants will explore the opportunities offered by the California Community Schools Partnership Program (CCSPP) as a frame for strategic planning. Hearing from peers and colleagues who are at differing entry points in the process will be central to this session, as participants look toward the potentiality of developing a plan for both applying for and maximizing California education investments.
