

# California Small School District Superintendent Institute

**Personalized professional development tailored for small school district  
superintendents. Don't travel the leadership road alone.**

**We are better together.**

## **Register today!**

## **Join the '22-'23 California Small School District Superintendent Institute!**

The Institute is built around three system pillars:

- Transformational Leadership
- High Impact Data and Instruction
- Effective Governance

Anticipated areas of focus include:

- Development of clear goals with impact for the Board and the Superintendent
- Alignment and allocation of resources for system improvement
- Multi-grade level strategies
- Capacity building to sustain and scale

Veteran superintendents and content area experts will serve as Institute faculty to support exploration of improvement design and implementation.

## **Institute Structure**

- 6 Full Institute Workshops (dates to be determined by participants)
- 4 Common Characteristic Learning Groups (dates to be determined by participants)
- Coaching sessions after each Learning Group with veteran superintendents and other Institute faculty (scheduled individually)
- In person meeting to celebrate the learnings before the SSDA Conference in March (half day)

## **Cost**

\$950\* per district (2 leaders\*\*) — Includes all sessions, materials, and a digital resource bank with district specific tools

*\*If you are a district with under 250 enrollment, please contact SSDA to discuss pricing. Our intention is to not have cost be prohibitive for attendance by any district.*

*\*\*While superintendents can attend alone, we highly encourage joining with another district colleague to share the learning and ensure learning and action steps can be held by a team.*
