

# GRANT-FUNDED GRADUATE COURSEWORK FOR TEACHERS

## READING INTERVENTION IN ENGLISH AND SPANISH

Project CLEAR is a grant-funded professional learning opportunity designed for teachers interested in gaining expertise in reading intervention. This knowledge will help teachers expand availability and access to literacy acceleration, prevention, and intervention for their diverse students, including students who are English learners, students in dual language programs, and students with disabilities, including those with dyslexia and/or phonological processing issues.

Through this one-year program, participants will learn comprehensive literacy strategies in schools and K-12 interventions for students who have reading, writing, and language-based needs.

### INCLUDED IN THE PROGRAM

- Tuition for 8 postgraduate units over two semesters (including certification in Reading Recovery/ *Descubriendo la Lectura*)
- Training fees
- \$250 for student instructional materials

**This grant-funded opportunity is designed for classroom teachers and reading specialists.**
