

High Quality IEPs Training Series:

Designing for Educational Benefit

High-quality IEPs are more than compliance—they are designed to support meaningful progress and positive outcomes for students.

This Trainer-of-Trainers series builds educator capacity to lead and support the development of high-quality IEPs.

Follow the IEP Process from planning to implementation

Participants will follow the flow of the IEP meeting from start to finish with practical tools, structured learning, and opportunities to create cohesive, student-centered IEPs that lead to educational benefit.
