ccee California Collaborative for Educational Excellence | CALIFORNIA LITERACY NETWORK

California Literacy Network

Part of the CA Statewide System of Support

Sec. 90, Chapter 8, AB 121

The California Collaborative for Educational Excellence (CCEE) was awarded $7.5 million to convene the Statewide Literacy Network. The network supports statewide implementation of evidence-based practices aligned to the English Language Arts/English Language Development Framework, the English Learner Roadmap, the Literacy Roadmap, and the use of data to support effective instruction. There are three goals that the network is charged with meeting from 2025-2030.

GOAL 1

Consult with the California Department of Education and convene existing state - and federally funded literacy leads to support implementation of literacy-related initiatives and ensure best practices and findings from assistance are integrated into the Statewide System of Support, including best practices to establish, grow, and sustain programs to support language development for multilingual learners.

GOAL 2

Consult with literacy experts to curate a user-friendly clearinghouse for evidence-based literacy resources for use by local educational agencies seeking to implement evidence-based practices to improve literacy outcomes.

GOAL 3

Study, highlight, and disseminate information about high performing local educational agencies and best practices.

Clearinghouse and Research and Evaluation Partners

CCEE issued Requests for Proposals (RFPs) to identify partners to support in the development of a user-friendly clearinghouse, and research and evaluation. CCEE awarded AIR to assist in clearinghouse development. WestEd was selected to support the research of high-performing local educational agencies and evaluation of the Networks.

AIR® Advancing Evidence. Improving Lives.
